基本描述

1.2 Megapixel machine vision camera for extreme environments

Prosilica GT1290 is a 1.2 Megapixel camera with a GigE Vision compliant Gigabit Ethernet port and Hirose I/O port. Prosilica GT1290 is offered in both monochrome and color models. This camera incorporates the high-quality Type 1/3 (6.0 mm diagonal) Sony ICX445 EXview HAD CCD sensor providing excellent monochrome and color image quality. The EXview HAD CCD is a sensor that drastically improves light efficiency by including near infrared light region as a basic structure of HAD (Hole-Accumulation Diode) sensor. At full resolution, this camera runs 33.3 frames per second. With a smaller region of interest, higher frame rates are possible. It is a robust camera designed to operate in extreme environments and fluctuating lighting conditions. This camera offers Precise iris lens control allowing users to fix the aperture size to optimize depth of field, exposure, and gain without the need for additional control elements. By default monochrome models ship with no optical filter and color models ship with an IRC30 IR cut filter.

Benefits and features:

- Monochrome (GT1290) and color (GT1290C) models
- GigE Vision interface with Power over Ethernet
- Screw mount RJ45 Ethernet connector for secure operation in industrial environments
- Supports cable lengths up to 100 meters (CAT-5e or CAT-6)
- Trigger over Ethernet (ToE) Action Commands allow for a single cable solution to reduce system costs
- Comprehensive I/O functionality for simplified system integration
- Popular C-Mount lens mount
- Easy camera mounting via standard M3 threads or optional tripod adapter
- Easy software integration with Allied Vision's [Vimba SDK](#) and compatibility to the most popular [third party image-processing libraries](#).

Options:

- Available with CS-Mount, F-Mount, EF-Mount Birger, M42-Mount
- Available with IR cut filter or protection glass

See the Modular Concept for lens mount and optical filters options. See the Customization and OEM Solutions page for additional options.
