| <input type="checkbox"/> Optical Specification | <input type="checkbox"/> |

Affected products

All Guppy cameras with housing.

Reason for change

Ability to fit more information on product.

Change description

In order to fit more information, the label size on the bottom of the Guppy camera families has been increased.

Added information on the label:

- detailed product name
- 2D data matrix code for item id & serial number
- CE marking

The size of the label is growing from 9x16.5mm to 22.5x12.5mm. The label is also rotated by 90° in clockwise direction.

There is no effect on the outer camera dimensions or any other mechanical or technical specification of the cameras.

The change is implemented since 2015-March-12. From this date on, all cameras are produced with the larger label. First serial number with the change: 252366690.
